

Food and Essential Supplies Resource Guide

March 19, 2020

First and foremost, the City of Rialto would like to express that the health and safety of our vulnerable communities are one of our top priorities. We understand that during this time it may be difficult to find essential items, which is why we have put together a list of available resources.

In response to recent events, grocery stores have implemented designated shopping times for seniors and disabled persons. Times are subject to change but are generally in the mornings before the stores open to the public. Please contact the stores below for more information:
